

Additional remote learning resources

We recommend the following websites:

- The **BBC Bitesize Daily** has been developed by the BBC to provide new lessons every weekday for pupils in Year 1 to Year 10. Created in collaboration with teachers and educational experts, its videos and interactive activities cover core subjects and other topics. Content is available for free on television, online and through BBC iPlayer - <https://www.bbc.co.uk/bitesize/dailylessons>
- **BBC Two** caters for secondary students with programming to support the GCSE curriculum, including adaptations of Shakespeare plays alongside science, history and factual titles.
- The **government** has put together resources for: English, Maths, Science, PE, well-being and Special Educational Needs - <https://www.gov.uk/government/publications/coronavirus-covid-19-online-education-resources>
- Discover resources from **Oak National Academy**, which was created by teachers from schools across England in response to school closures. This free resource will provide the equivalent of 4 hours a day across a variety of subjects. Lessons have been created by practising teachers, combining videos, quizzes and worksheets.

Platforms regularly used in school for most subjects (for which pupils have their login details)

- <https://www.doddlelearn.co.uk/app/login>
- <https://www.gcsepod.com/>

Computing

- <http://computing.roundhayschool.org.uk/>

Search relevant topics/content by year group: e.g. course called "home study" in Y7 category with useful links to extra projects and resources.

- Website links: www.code.org

Search relevant topics/content by year group: e.g. Y7 - Learn how to program using a selection of fun games

Science (for which pupils have their login details)

- <https://senecalearning.com/en-GB/>

Maths (for which pupils have their login details)

| |
|---|
